TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of the various suspension periods and deferrals the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect. Consult the check page for the page currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i)
 - 2.1.1.A.1.(a).I.(i).(1)
- D. **Check Sheets** - When a tariff filing is made with the Commission an updated check sheet accompanies the filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There shall be no other symbols used on this page if these are the only changes made to it. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

EXPLANATION OF SYMBOLS

Changes to this tariff shall be identified on the revised page(s) through the use of symbols. The following are the only symbols used for the purposes indicated below:

- (C) - To signify a changed regulation.
- (D) - To signify a discontinued rate or regulation.
- (I) - To signify an increase in rate or charge.
- (M) - To signify material relocated from one page to another without change.
- (N) - To signify a new rate or regulation.
- (R) - To signify a reduced rate or change.
- (S) - To signify a correction or reissued matter.
- (T) - To signify a change in text but no change in rate or regulation.

- 2.1.2** Carrier shall operate and maintain Service provided hereunder in accordance with the terms and conditions set forth in this tariff.
- 2.1.3** Carrier neither owns nor operates telecommunications facilities within the State of South Carolina, but rather resells intrastate telecommunications services provided by other carriers. Notwithstanding the foregoing, Customer shall be considered a customer of Carrier, and not a customer of any other carrier.
- 2.1.4** Carrier may, when authorized by Customer, act as Customer's agent for ordering dedicated Access Lines or facilities provided by other carriers to allow connection of Customer's locations to the network of an underlying carrier.
- 2.1.5** Service is provided on a monthly basis unless ordered on a longer term basis, and is available twenty-four (24) hours per day, seven (7) days per week.

2.2 Limitations on Service

- 2.2.1** Service is offered subject to the availability of the necessary facilities from the underlying carrier and subject to the provisions of this tariff.
- 2.2.2** Carrier reserves the right to discontinue furnishing Service, or to limit the use of Service, when necessitated by conditions beyond its control, when Customer is using Service in violation of the law or in violation of the provisions of this tariff, or for non-payment by Customer.

SECTION 2 - REGULATIONS, (Cont'd.)**2.2 Limitations on Service , (Cont'd.)**

- 2.2.3** Service provided under this tariff is directly controlled by Carrier, and Customer may not transfer or assign the use of Service, except with the prior written consent of Carrier. Such transfer or assignment shall only apply where there is no interruption in the use or location of Service, and all regulations and conditions contained in this tariff, as well as all conditions for Service, shall apply to all such permitted assignees or transferees.
- 2.2.4** Service may not be used for any unlawful purpose.
- 2.2.5** Carrier may require Customer to sign an application form furnished by Carrier and to establish credit as provided in this tariff, as a condition precedent to the initial establishment of Service. Carrier's acceptance of an order for Service to be provided to an applicant whose credit has not been duly established may be subject to the deposit provisions described in Section 2.9 of this tariff. Carrier may also require a signed authorization from Customer for additions to or changes in existing Service for such Customer. An application for Service canceled by the applicant or by Carrier prior to the establishment of Service is subject to the provisions of this tariff.

2.3 Limitations on Liabilities

- 2.3.1** The liability of Carrier for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing Service and not caused by the negligence of the Customer commences upon activation of Service and in no event exceeds an amount equivalent to the charges the Carrier would make to the Customer for the period of Service during which such mistakes, omissions, interruptions, delays, errors or defects in transmission occur. Such liability does not include avoidable damage to Customer's premises.
- 2.3.2** Carrier shall not be liable for unlawful use, or use by any unauthorized person, of its Service, or for any claim arising out of a breach in the privacy or security of communications transmitted by Carrier.

SECTION 2 - REGULATIONS, (Cont'd.)**2.3 Limitations on Liabilities, (Cont'd.)**

- 2.3.3** Except as specified in Section 2.3.1, Carrier shall not be liable for any failure of performance due to causes beyond its reasonable control, including but not limited to acts of God, fires, meteorological phenomena, floods or other catastrophies, national emergencies, insurrections, riots or wars, strikes, lockouts, work stoppages or other labor difficulties, and any law, order, regulation or other action of any governing authority or agency thereof. With respect to the Services, Carrier hereby expressly disclaims all warranties, express or implied, not stated in this tariff, and in particular disclaims all warranties of merchantability and fitness for a particular purpose.
- 2.3.4** The Carrier shall not be liable for any act or omission of other carriers whose facilities may be utilized in establishing connections to points not reached by the Carrier's facilities. The Customer shall indemnify and save harmless the Carrier from any third party claims for such damages referred to in Section 2.3.1.
- 2.3.5** The Carrier is not liable for any damages, including toll usage charges, the Customer may incur as a result of the unauthorized use of its telecommunications facilities. Such unauthorized use of the Customer's facilities includes, but is not limited to, the placement of calls from Customer's premises, and the placement of calls through Customer-provided equipment which are transmitted or carried on the Carrier's network. Customer is responsible for controlling access to, and use of, its own telecommunications facilities.

2.4 Cancellation or Discontinuance of Service by Carrier

Without incurring any liability, Carrier may under the following conditions cancel Service prior to commencement. Carrier may also discontinue Service that is being furnished, provided that, unless otherwise stated, Customer shall be given fifteen (15) days written notice of such cancellation or discontinuance of Service.

- 2.4.1** For noncompliance with or violation of any applicable municipal, state or federal law, ordinance or regulation or noncompliance with or violation of any Commission regulation, provided that lesser notice may be required by order of such regulatory authorities.

- 2.4.3** For noncompliance with any of the provisions of this tariff governing Service.
- 2.4.4** For nonpayment of any sum due Carrier for more than thirty (30) days after delivery of an invoice to the custody of the U.S. Mail or other standard delivery service. Cancellation of service for nonpayment is subject to early termination liability obligations set forth in this tariff.
- 2.4.5** Without notice, in the event of Customer's use of equipment in such a manner as to adversely affect Carrier's equipment or Service to others.
- 2.4.6** Without notice, in the event of unauthorized or fraudulent use of Service. Whenever Service is discontinued for unauthorized use of Service, Carrier may, before restoring Service, require Customer to make, at its own expense, all changes in facilities or equipment necessary to eliminate unauthorized use and to pay to Carrier an amount reasonably estimated by Carrier as the loss in revenues to Carrier resulting from such unauthorized use plus claims lodged against Carrier by third parties.
- 2.4.7** Without notice, by reason of any order or decision of a court or other government authority having jurisdiction that prohibits Carrier from furnishing Service to Customer.

2.5 Cancellation or Termination of Service by Customer

- 2.5.1** Customer may cancel Service by giving notice to Carrier up to the day Service is scheduled to commence.
- 2.5.2** If Customer orders Service which requires special construction or facilities for Customer's use, and then cancels its order before Service begins, a charge shall be made to Customer for the non-recoverable portions of the expenditures or liabilities incurred on behalf of Customer by Carrier.
- 2.5.3** Carrier shall have up to thirty (30) days to complete a disconnect. Customer shall be responsible for all charges for 30 days, or until the disconnect is effected, whichever is sooner. This 30-day period shall begin on the day of receipt of notice from Customer.

SECTION 2 - REGULATIONS, (Cont'd.)**2.6 Contract Service Arrangements**

Customer specific contract service arrangements may be furnished in lieu of existing tariff offerings.

2.6.1 Rates, charges, term, and additional regulations, if applicable, for the contract service arrangement shall be developed on an individual case basis.

2.6.2 Unless otherwise specified, the regulations for contract service arrangements are in addition to the applicable regulations and rates specified in this tariff.

2.7 Restoration of Service

The use and restoration of Service shall in all cases be in accordance with the priority system specified in Part 64, Subpart D, of the Rules and Regulations of the Federal Communications Commission.

2.8 Payment and Billing

2.8.1 For billing of fixed charges, Service is considered to be established upon the day which Carrier notifies Customer of installation and testing of Customer's Service. Fixed charges shall be billed monthly in advance and are due upon receipt. Customer shall be billed for all usage in arrears. Rate changes shall be effective on the effective date of the rate change.

2.8.2 Service is provided and billed on a monthly basis. Bills are due and payable upon receipt. Late payment fees for Customers who have their charges billed by an affiliated local exchange company will be the late payment fee applied by the affiliated local exchange company to overdue charges. Customers that are not billed by an affiliated local exchange company may be charged a late payment fee of 1.5% per month, or the maximum amount allowed by law, whichever is lower. The late payment fee will apply to any overdue charges and will begin to accrue no sooner than the 25th day after the billing date or as allowed by law. In the event that the Company incurs fees or expenses, including attorney's fees, collecting, or attempting to collect, any charges owed to the Company, the Company may charge the Customer, and the Customer will pay, all such fees and expenses reasonably incurred. Collection fees on overdue charges apply in addition to all applicable late payment charges and shall begin to accrue when the Account is assigned to an outside collection agency.

2.8.3 The security of Customer's Authorization Codes is the responsibility of Customer. All calls placed using Customer's Authorization Codes or using facilities owned or controlled by Customer shall be billed to Customer and must be paid by Customer.

SECTION 2 - REGULATIONS, (Cont'd.)**2.8 Payment and Billing, (Cont'd.)**

- 2.8.4** Carrier reserves the right to examine the credit record of an applicant or Customer. A Customer whose Service has been discontinued for non-payment of bills shall be required to pay any unpaid balance due to Carrier before Service is restored, and a deposit may be required.
- 2.8.5** Carrier shall make no refund of overpayments by Customer unless the claim for such overpayment, together with proper evidence, is submitted within the applicable statute of limitations period from the date of the alleged overpayment. In calculating refunds, any applicable discounts shall be adjusted based upon the actual monthly usage after all credits or adjustments have been applied.
- 2.8.6** A charge shall apply whenever any check or draft for payment of Service is not accepted by the institution on which it is written.

2.9 Deposits

- 2.9.1** Each applicant for Service may be required to establish credit. Any applicant whose credit has not been duly established may be required to make a deposit to be held as a guarantee of payment of charges at the time of application. In addition, an existing Customer may be required to make a deposit or increase a deposit presently held. Carrier shall pay interest on deposits pursuant to applicable rules and regulations.
- 2.9.2** A deposit shall not exceed the estimated charges for two (2) month's Service, and shall be returned:
- When an application for Service has been canceled prior to the establishment of Service. Such deposit shall be applied to any applicable charges, and the excess portion of the deposit shall be returned.
 - At the end of six (6) consecutive months of a satisfactory credit history.
 - Upon the discontinuance of Service. Carrier shall apply the Customer deposit against any outstanding balances due. If a credit balance exists, a refund shall be made to the Customer.

The fact that a deposit has been made in no way relieves Customer from complying with the regulations with respect to the prompt payment of bills on presentation.

SECTION 2 - REGULATIONS, (Cont'd.)**2.10 Taxes and Fees**

2.10.1 Service may be subject to state and/or local taxes at the prevailing rates, if such service originates and terminates in the State of South Carolina. Such taxes are listed as separate line items on Customer's invoice, are not included in the rates and charges listed herein, and shall be paid by Customer in addition to the rates and charges stated in this tariff.

2.10.2 To the extent that a municipality, other political subdivision or local agency of government, or Commission imposes upon and collects from Carrier a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, insofar as practicable, be billed pro rata to Customers receiving Service within the territorial limits of such municipality, other political subdivision, or local agency of government.

2.10.3 Pay Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services, unless otherwise specified in this tariff. The Pay Telephone Surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information that the originating station is an eligible pay telephone.

SECTION 2 - REGULATIONS, (Cont'd.)**2.11 Terminal Equipment**

Service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a PBX or key telephone system. Such terminal equipment or communications systems shall be furnished by and maintained at the expense of Customer, except as otherwise provided. Customer is also responsible for all costs at its premises incurred in the use of Service, including but not limited to equipment, wiring, electrical power, and personnel. When such terminal equipment or communications systems are used, they shall in all respects comply with the generally accepted minimum protective standards of the telecommunications industry as endorsed by the Federal Communications Commission.

2.12 Interconnection

Service furnished by Carrier may be connected with the services or facilities of other carriers. Customer is responsible for all charges billed by other carriers in connection with the use of Service. Any special equipment or facilities necessary to achieve compatibility between carriers are the sole responsibility of Customer.

2.12.1 Carrier may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether tariff requirements are being complied with in the installation, operation, and maintenance of Customer's or Carrier's equipment. Carrier may, without notice, interrupt Service at any time, as necessary, because of a departure from any of these requirements and may continue such interruption until its requirements have been satisfied.

2.12.2 Upon reasonable notice, the facilities provided by Carrier shall be made available to Carrier by Customer for such tests and adjustments as may be necessary for their maintenance to a condition satisfactory to Carrier.

2.12.3 Carrier shall not be liable to Customer for any damages for Service interruption pursuant to this Section. Customer shall not be entitled to any credit for interruption of Service pursuant to this Section when the interruption of Service is less than two (2) consecutive hours.

SECTION 2 - REGULATIONS, (Cont'd.)**2.13 Interruption of Service**

- 2.13.1** It shall be the obligation of Customer to notify Carrier of any interruption of Service. Before giving such notice, Customer shall ascertain that the trouble is not being caused by any action or omission of Customer or is not in wiring or equipment connected to the terminal of Carrier. Carrier liability for service interruption is limited according to the provisions of Section 2.3 hereof.
- 2.13.2** When Service is interrupted for two (2) hours or more, credit is allowed on demand to Carrier, computed as set forth below, provided such interruption is not shown by Carrier to have been caused by the negligence or willful action of Customer, or any other person at the Customer's terminal location, or is not caused by the failure of Customer's equipment or power supply.
- 2.13.3** Credit is computed by multiplying the monthly rate for Service by the ratio that the number of hours in the period of interruption bears to 720 hours. For the purpose of this computation, each month shall be considered to have seven hundred twenty (720) hours. The credit shall be based upon the non-usage charges for the month during which the interruption occurred, excluding equipment and access line charges.
- 2.13.4** An interruption is measured from the time Carrier detects trouble or the Customer notifies Carrier of the interruption by an expeditious means, until the trouble is cleared. Each interruption is considered separately for the purposes of establishing credit allowance. No credit shall be given for an interruption of Service of less than two (2) hours. The credit for a billing period shall not exceed the monthly rate.
- 2.13.5** For purposes of credit computation, every month shall be considered to have 30 days and every day 24 hours. For all Company services no credit shall be allowed for an interruption of continuous duration of less than twenty-four hours. For services billed on a usage basis, credits will be limited to, at maximum, the price of the call that was in progress at the time of the service interruption.

SECTION 2 - REGULATIONS, (Cont'd.)**2.14 Marketing Practices**

2.14.1 As a telephone utility under the regulation of the Public Service Commission of South Carolina, Carrier does hereby assert and affirm that as a reseller of intrastate telecommunications services it shall not indulge or participate in deceptive or misleading telecommunications marketing practices to the detriment of consumers in South Carolina, and it shall comply with those marketing procedures, if any, set forth by the Commission. Additionally, Carrier shall be responsible for the marketing practices of its contracted telemarketers and for their compliance with this provision. - 3.1.5 Demonstration or promotional calls of up to 10 minutes may be offered to existing or prospective Customers to demonstrate new services at no charge to the Customer. Such offerings will be limited to specific locations and dates and may include originating and/or terminating restrictions.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.2 Calculation of Distance**

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by Telecordia Technologies (formerly known as BellCore) and on file with the FCC in NECA Tariff FCC No. 4, in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

Formula:
$$\sqrt{\frac{(v_1 - v_2)^2 + (h_1 - h_2)^2}{10}}$$

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)**3.3 Timing of Calls**

Billing for calls placed over the network is based in part on the duration of the call.

- 3.3.1** Timing for all calls begins when the called party answers the call (i.e. when two way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
- 3.3.2** Chargeable time for all calls ends when either party disconnects from the call, except in cases where the switching facility is unable to detect called party disconnect. In such cases, the calling party controls the termination of the call.
- 3.3.3** Minimum call duration for billing purposes is one minute unless otherwise specified in the individual rate schedules of this tariff.
- 3.3.4** Calls are measured and billed in one minute increments on a per call basis, unless otherwise indicated in this tariff. Fractional billing increments are rounded to the full billing increment as stated in the product description.
- 3.3.5** No charges apply to incomplete calls. An incomplete call is a station call in which the called station does not answer, or a person to person call in which the station does not answer or the requested person is unavailable, or a collect call for which the called party refuses to accept the charges.
- 3.3.6** Usage charges are computed on a per call basis. When computation of call charges result in fractional cents, the resulting charge is rounded to the nearest penny.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.2 Business Plan B**

Business Plan B is an optional calling plan offered to existing Business Customers at existing locations only for outbound direct dialed calling from presubscribed switched or dedicated Access Lines at rates which are dependent on the Customer's monthly usage guarantee (MUG) level. Inbound (toll free) calling is also available for termination on switched or dedicated Access Lines. Travel Card and operator assisted calling are also available under this plan. Customers may select a one, two or three year term commitment in order to obtain lower rates.

5.2.1 Billing Increments

The billing increment and minimum call duration of each call is determined by the access method selected by the Customer and the call type. Partial increments are rounded to the next increment.

Access Type/Call Type	Initial Increment	Additional Increment
Switched Access	18 seconds	6 seconds
Dedicated Access	6 seconds	6 seconds
Travel Card	18 seconds	6 seconds
Operator Assisted	60 seconds	60 seconds

5.2.2 Monthly Usage Guarantee

All intrastate, interstate and international usage charges and applicable surcharges billed to the Customer under this plan contribute towards meeting the monthly usage guarantee. In addition, feature charges, directory assistance charges, operator usage and surcharges, and monthly recurring charges are contributory to the monthly usage guarantee. Taxes, presubscribed line charges, carrier universal service charges, pay telephone use charges and other similar fees are not contributory. When the Customer's billing falls below the MUG in any full billing period, a shortfall charge will be applied which is equal to the difference between the Monthly Usage Guarantee and the actual contributory billing for that billing period.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.2 Business Plan B, (cont'd)****5.2.3 Termination Liability**

When the Customer terminates service under this plan prior to the expiration of the Customer's selected term commitment, a termination charge will be assessed. The termination charge is calculated by multiplying 35 percent (35%) of the Customer's Monthly Usage Guarantee multiplied times the number of months remaining in the term.

The early termination charge will apply under the following circumstances:

1. When the Customer disconnects its entire Account;
2. When the Customer selects a shorter term; or
3. When the Customer negotiates a reduction in their monthly spending commitment more than one level during a billing cycle.

The early termination charge will not apply under the following circumstances:

1. When the Customer's physical location changes, but the term plan is continued at the new location;
2. When the Customer negotiates the term plan for a longer term;
3. When the Customer moves to a jurisdiction where the Company is prohibited from offering service;
4. When the Customer changes plan prior to 60 days of service;
5. When the Customer returns to the Company and the same term length agreement as a result of a Winback program;
6. When the Customer moves from the two year term on Plan B Service to a one or three year term on Plan D Service;
7. When the Customer reduces their term monthly spend level on level during a billing cycle; or
8. When the Customer has encountered extremely poor service, verified by higher management.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.2 Business Plan B, (cont'd)****5.2.3 Termination Liability**

Once the Customer has reached the lowest Minimum Usage Guarantee level of Plan B, they may move to Plan C without incurring a penalty. The Customer must move to the same term commitment they subscribed to on Plan B.

At the expiration of the term commitment, the Customer will continue at the same commitment and usage rate unless they choose to make a change, either to a different term commitment/minimum usage guarantee or to a different plan. If the Customer continues without changing, they will still be liable for the minimum usage guarantee to which they were originally subscribed.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.2 Business Plan B, (cont'd)****5.2.4 Usage Rates**

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.5 Business Block of Time Service (formerly tariffed as Business Plan F)****5.5.1 General Description**

Business Block of Time Service is an optional calling plan offered for outbound direct-dialed 1+ interLATA interexchange voice calling to Business Customers who also subscribe to qualifying local services from their local exchange company as described below. Business Block of Time Service utilizes Customer-provided switched access lines that are presubscribed to the Company. To be eligible to receive this service, the Customer must demonstrate to the satisfaction of the Company at the time of subscription that he or she also subscribes to all qualifying local services and be subject to all restrictions regarding this service. This service is offered to both single line and multi-line customers subject to the restrictions noted below.

Business Block of Time Service offers 400 minutes per month of calling per account. The 400 minutes can be used for all interLATA 1+ interexchange direct dialed domestic calling calls, Toll Free service and Travel Card calls.

This plan is no longer offered to new Customers.

5.5.2 Qualifying Local Services

Customers must have both qualifying local services described below from their local exchange company to qualify for Business Block of Time Service. To qualify for Business Block of Time Service, the customer must subscribe to a qualifying business dial tone service, business exchange service or digital centrex plus services that include both:

1. Unlimited local exchange calling, and
2. Unlimited IntraLATA toll calling.

Such qualifying local business plans must provide the unlimited local and IntraLATA calling for a flat rate monthly price.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.5 Business Block of Time Service, (Cont'd.)****5.5.3 Limitations of Service**

Business Block of Time Service is not available with the following local/IntraLATA business services: FlexGrow type services, PBX trunks, ground start lines or trunks, ISDN services, remote call forwarding services, foreign exchange services, public telephone services, public access smart-pay lines, flexpath services, analog to digital conversion digital PBX services, WATS services or the equivalents of any such services.

Business Block of Time Service is only available to Customers who, at the time of service initiation, subscribe to twenty-five (25) or fewer qualifying business dial tone lines (voice grade or voice grade equivalent) from their local exchange company.

Customers may discontinue their enrollment in Business Block of Time Service at any time upon request to the Company. The Customer who discontinues or cancels the Company's service or the local exchange carrier's qualifying services or whose service is refused, canceled or discontinued by the Company under this tariff or by the local exchange carrier shall forfeit eligibility for rates under this plan.

The Customer who forfeits eligibility for this Business Block of Time Service and remains presubscribed to the Company's service will default to FirmRate Plus Service unless the Customer selects another Optional Business Service.

If the Customer uses this Service for non-eligible purposes, including but not limited to resale, three way calling, permanent internet connections, or autodialing, the Company may immediately suspend, restrict or cancel the Customer's service without advance notice. The Company may also adjust the charges to FirmRate Plus Service, described in Section 3.5, as a result of non-business use.

This calling plan is only offered where billing and system capabilities exist.

SECTION 5 - OBSOLETE SERVICE OFFERINGS, (Cont'd.)**5.5 Business Block of Time Service, (Cont'd.)****5.5.4 Rates and Charges****A. Application of Charges**

A Monthly Recurring Charge (MRC) is billed each month in advance and applies to the whole account presubscribed to the Company's Business Block of Time Service. A fixed allotment of qualified calling minutes is included in the MRC as specified below. The MRC applies in full each month regardless of whether or not the full allotment of minutes is used, except in the case of partial billing cycles. In the case of first and last month partial billing cycles, the MRC will be prorated based on the actual number of days the Customer had the service during the billing cycle.

Only charges for direct dialed outgoing voice minutes of use are covered under the MRC for this plan. All other charges for usage and services, including but not limited to, International calling, Directory Assistance services, Operator Assisted services, collect or person to person calls, 900, 700, 976 calls, calls to access information service, internet usage, fees and surcharges are not included as part of the MRC with this plan and will be charged separately.

Multi-line accounts will share the 400 minutes among all lines presubscribed to Business Block of Time Service. Partial increments are rounded up to the next increment. All calls are rated at 60 seconds for the initial increment, and 6 seconds for each additional increment.
